DIRECTIONS:

From the North (Hollywood, Burbank, Pasadena): Head towards Downtown LA and hop on the **110 South**. Merge onto the **10 East**, then immediately exit Grand Ave. Go straight at the light and make your second right at Hill St. We are on the left just before Washington Blvd.

From the West (Santa Monica, Culver City, West LA): Take the **10 East**, then as you near the 110 freeway, look for the Grand Ave exit and stay to the right. Go straight at the light and make your second right at Hill St. We are on the left just before Washington Blvd.

From the East (Pomona, Covina, Monterey Park): Take the **10 West** towards downtown LA/Santa Monica. Exit Los Angeles Ave, the exit just before the 110 ramps. At the light, go straight, continue for 3 more lights until you reach Hill St. Turn left on Hill, and we are the tall building on the left just before Washington Blvd.

From the South (Torrance, Inglewood, South Central): Take the **110 North** to the **10 East**. Exit Maple. Turn right at the light (Maple), then make your next right onto Washington. We are on the right just after you pass Broadway.

PARKING:

There are **2-hour meters** along Hill Street and Broadway, and one-hour meters on Olive. There are also two **all-day parking lots** for \$8 across the street from the studio, at the SE corner of Washington & Broadway (behind the 76 Gas Station) and behind the LA Mart, just south of Washington, between Hill and Broadway.

DO NOT park at the McDonald's parking lot—they ABSOLUTELY WILL TOW YOU.
